### ----- 3. How to play -----

Upon starting the game, users will land at the title screen. Two options are available on the menu of the title screen using the left mouse button: clicking "Start" to play the game or clicking "Control" to view a quick introduction of the game play.

When playing the game, users is presented with 15 questions, which are selected randomly from a question pool one-by-one. Users can choose one of three answers. Each correct answer awards 10 points, and each incorrect answer deducts 5 points.

At the end of the 15 questions, a summary screen displays the total points earned or lost. Users can play again by clicking "Play Again" or exit the game by clicking "Exit".

### ----- 4. Bug Reporting -----

Users can report bugs by visiting <https://github.com/jbello0909/Metis2020/issues> and opening an issue by clicking the "New issue" button.
